New Mexico State University

A land-grant university and NASA Space Grant College, New Mexico State University thrives in education, research and public service. Nestled between the Organ Mountains and the Mesilla Valley, the 900-acre campus is home to more than 14,000 graduate and undergraduate students from across the country and around the world. Since its founding in 1888, NMSU has served a diverse population of talented students and has charmed many visitors with its vast campus beauty.

The William Conroy Honors College at NMSU is the first of its kind in the state of New Mexico. Guided by experienced master professors, undergraduate students from all majors have the opportunity to immerse themselves in challenging courses, participate in innovative research, compete for prestigious awards and graduate with honors status.

The NMSU system prepares graduates by delivering hands-on experiences at the university's four campuses located in Las Cruces, Doña Ana County, Alamogordo and Grants. In addition to educating students, NMSU strives to advance research and deliver information to all New Mexicans through efforts at cooperative extension offices in all 33 counties, and 12 agricultural science centers across the state.

Congratulations to our graduates as well as to their families and friends!

New Mexico State University's commencement ceremony is always a joyous time. Our students have come from around the region and around the globe to pursue higher education. They have spent countless hours in classrooms and labs. They have stayed up way too late working on class projects, and woken up way too early for exams. Now, all of their hard work has paid off and they have earned their degrees.

Traditionally, we have viewed universities as a place where lofty ideas emanate, where these are debated, reshaped and used as a foundation for knowledge creation, inspiration, motivation and competitiveness. At NMSU, we challenge the status quo. We cultivate the art of the possible and we establish a culture of higher expectations. We also inspire and fuel a greater entrepreneurial spirit and mindset and celebrate it. From every corner of NMSU, we know we must be a catalyst for change!

At NMSU, we deeply care about student success and meeting our students, traditional and nontraditional, where they are. It is our critical responsibility to educate students for a rewarding and financially enabling career. We focus on excellence in research and scholarship to solve national and global grand challenges. We live diversity and inclusion every day among our students and faculty. And, we care about our vital role in economic development locally and beyond. These traits are what differentiate us!

The graduates we celebrate today are well on their way to achieving their true potential for themselves, their families and their communities. They will face an exciting and inspiring future as professionals, decision-makers and leaders of tomorrow. I ask all of you to be bold in meeting these challenges. Be fearless. And, let's shape the future together. Thank you!

A handwritten signature in black ink that reads "Dan E. Arvizu". The signature is written in a cursive, flowing style.

BE BOLD. Shape the Future.®

The Aggie Fight Song

Aggies, Oh Aggies

The hills send back the cry

We're here to do or die

Aggies, Oh Aggies

We'll win this game or know the reason why

And when we win this game

We'll buy a keg of booze

And drink it to the Aggies

'Till we wobble in our shoes

A-G-G-I-E-S!

Aggies, Aggies, Go Aggies

Aggies, Oh Aggies

The hills send back the cry

We're here to do or die

Aggies, Oh Aggies

We'll win this game or know the reason why!
